Cautions

Precautions and maintenance

- For indoor use only
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Digital Photo Frame.
- Keep the Digital Photo Frame out of direct sunlight.
- Always use the eject buttons on the memory storage card slots to remove the storage cards.
- Do not dismantle the Digital Photo Frame. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the Digital Photo Frame will void your warranty.

Cleaning the LCD Screen

- Treat the screen carefully. Because the screen of the Digital Photo Frame is made of glass and it would easily be broken or scratched.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with the cleaning solution and apply the cloth to the screen.

WARNING:

Please power off the unit before inserting or removing a card or USB device.

Failure to do so may cause damage to the card/USB and the unit.

To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

Introduction:

Thank you for your purchase of the Digital Photo Frame. It is designed to allow quick and easy view of photos taken from your digital camera, mobile phone, or from a memory storage card. Please read this User Manual carefully to learn the correct way to use the Digital Photo Frame.

Features:

1. Support Photo formats: JPEG

- 1.Power on/off
- 2.UP
- 3.Play/Pause/OK
- 4. Right
- 5. Left
- 6.Down
- 7.Menu/Exit

1.3 left Side of Frame

- 1.SD/SDHC/MMC
- 2. USB
- 3. DC IN

2. Installing & Replacing the Battery

Place the upside of the remote control down, press down on the ridged area of the battery cover and pull towards you to remove the tray. Place one CR2025 lithium button-cell battery on the tray with the positive "+" side facing you. Reinsert the tray.

3. Getting Started

3.1 Extend the digital photo frame bracket on the back of the frame to the widest position for greatest stability, and then plug one end of the included AC adapter into a standard 110-240V AC electrical outlet and the other end into the right side the frame.

Note: There are different positions for the digital photo frame stand. Please refer to "Stand Instruction".

3.2. Remove the protective film covering the LCD.

3.3. Remove the plastic battery insulator from the battery compartment and make sure the remote control has a battery inside. Please refer to "Installing & Replacing Battery" if you need a new battery.

3.4. Power on the unit by pressing the Power button on the remote control.

4. Operating Instruction

After turning on the unit, it will automatically slideshow pictures from the **CARD** or **USB**.

4.1 Picture Mode

When it is automatic slideshow, press **EXIT** to the Thumbnail Mode. then Use **▲▼◀▶** to highlight the picture you want to display.

In the thumbnail mode, press ▼ to select “Rotate”, press **OK** to access to rotate mode, use ▲▼/◀▶ to choose the picture you want to rotate, then press **OK** to operate. Press **Reset** to back to the default and press **Return** back to the first picture.

When the picture is playing, you can use ▲/▼ to flip the picture vertically/horizontally, press ◀▶ to revolve the picture 90° in counterclockwise/clockwise. Or press the **ROTATE** on the remote control directly.

5. Setup

Press **Setup** in the remote control; it will enter to the setup menu. Press ▲▼ to choose the item you want to set up. Use ▶ to show the submenu, select with ▲▼, press **OK** to confirm, press ◀ to return, and press **Setup** again to back to the slideshow mode.
